

# END LAW SYNDROME

WE HOPE YOU'LL BE INTERESTED IN HELPING OUR CAUSE TO SUPPORT PEOPLE WITH DOWN SYNDROME AND OTHER DISABILITIES.

## ABOUT

Law Syndrome is an affliction caused by a series of outdated laws that affects 100% of people with Down syndrome and other disabilities. It prevents them from pursuing a career because doing so risks their Medicaid benefits. Law Syndrome greatly impedes professional development and makes living independently nearly impossible.

Help us fix the law holding these people back so we can end
